**Lydie loves real estate** and loves helping people get to where they need to be! She works with both buyers and sellers throughout eastern North Carolina. Her clients call her "aggressive", "a great negotiator", and a "good communicator". Be sure to check out past client reviews to learn more about her capabilities in the real estate market, [HERE](#).

Providing "top notch", friendly service is important to Lydie. She listens carefully to her client's needs and goals, then uses her experiences and connections to implement a **dynamic, "cutting edge" marketing plan – that includes print & extensive online advertising, social media marketing in our market & outside our market, professional photography & video, plus the use of life style marketing techniques.**

If you have already moved & your home is empty, she has her own furniture that can help stage your home...this is a standard offering for her...not an added charge. Also, she has become experienced in helping extended families sell their family homes which involves coordinating with multiple family members who live in various locations across the country or even abroad. There is much to coordinate to get the home ready to go on the market & she is ready to help with this entire process even if you aren't able to get to town! Though she loves meeting her clients face to face, sometimes she handles the entire process without ever meeting the sellers. She loves helping her clients reach their goals. She says, **“My job is to make selling your home as easy as possible while maximizing your return.”**

Professional, patient, persistent and personable . . . Over our lifetime we have worked with thirteen agents in the purchase of homes and had some very good agents. Lydie is our favorite! She treats folks with true care. We highly recommend Lydie Jennings!

Cannot imagine a more conscientious, professional, committed agent. Lydie helped every step of the way, removing obstacles and solving issues (think these are her special superpowers) without blinking an eye. She has a bevy of contacts and was able to find people to help get things done. I was selling my parent's house and not only did Lydie cope effortlessly with all the details of the sale, she was unbelievably compassionate about helping me cope emotionally with selling my childhood home.
